You should keep a copy of the Front Sheet for your own records and note the Commencement Date on it once we have notified you of it.
- 1.2. The Agreement will continue to exist for the duration of the Term unless it is terminated by you or us in accordance with the clauses below.

3. Cancellation by you

Supply of services during the cancellation period

3.9. During the order process, you may be asked to consent to our cancellation policy, and you acknowledge that:

3.9.1. if any Installation date, Maintenance Services Commencement Date and/or Monitoring Services Commencement Date specified on the Front Sheet is less than 14 days after the Commencement Date, you are expressly requesting those services begin during the Cancellation Period;

Where Installation is being provided:

4.1. Facilities to be provided by you for Installation

4.1.1. You must ensure that you are, or someone who is aware of the arrangements under the Agreement (“**your representative**”) will be, present at the Customer’s Premises at the time arranged for the Installation (see clause 4.2.1).

You should ensure that there are no objects or obstructions at the Customer’s Premises which might hinder the Company from carrying out the Installation. You will need to provide any electricity supply necessary to enable the Company to carry out the Installation.

4.2. Installation of the Equipment by the Company

4.2.1. If a date for the Installation of the Equipment has not been included on the Front Sheet, the Company shall contact you to arrange a mutually suitable time.

4.2.2. We are not responsible for delays outside our control (referred to as Force Majeure Events) although we will take step to minimise any such delay. A non-exhaustive list of Force Majeure Events is included at the start of these Terms and Conditions. You should refer to clause 15 in the event we notify you that Installation is delayed due a Force Majeure Event as clause 15.1 sets out your rights to cancel due to Force Majeure Event.

4.2.3. If any information or specification provided by you to the Company appears to be incorrect on arrival by the Company at the Customer’s Premises, this may cause a delay to the Installation of any Equipment as the Company may need to re-evaluate the Installation Charge and provide you with a new quote which will include any additional work or Equipment required. If you do not wish to proceed with the Installation at the re-evaluated cost, you may cancel this Agreement without any obligation or fee due to the Company. If you do wish to proceed at the re-evaluated cost, we will provide an amended Front Sheet for your further signature and the date of receipt by us of the signed Front Sheet will be the Commencement Date.

In carrying out the work at the Customer’s Premises the Company will exercise all reasonable care and skill but we are not responsible for the cost of repairing any pre-existing faults or pre-existing damage to the Customer’s Premises that we discover while working on the Installation or for any loss or damage that is not foreseeable. Loss or damage is foreseeable if either it is obvious that it will happen or if, at the time this Agreement was

TERMS AND CONDITIONS OF AGREEMENT (DOMESTIC CUSTOMERS)

entered into, both the Company and the Customer knew it might happen, for example, if you discussed it with us before entering into the Agreement.

- 4.2.5. If, after the completion of the Installation, you require any extensions and/or alterations to the Installation, you should contact the Company and we will provide a quote for your approval. If, after receipt of the quote, you instruct us to proceed with such extensions and/or alterations, you must pay the quoted costs upon the completion of the relevant extensions and/or alterations in accordance with clause 5.7.
- 4.3. The Customer confirms that it has selected the Equipment from the options presented to it by the Company. Whilst the Company confirms that the Equipment complies with all standards that apply to the manufacture and distribution of such items in the UK (including BS10800), the Customer acknowledges and accepts that the Equipment has not been designed or manufactured by the Company and that the Company has not tested or verified the Equipment to ascertain whether or not any malware of any type has been embedded in the Equipment or any software which has been supplied for use with the Equipment by its manufacturer. Accordingly, the Customer accepts that no representation, warranty, assurance or undertaking (express or implied) is or will be made by the Company in respect of the absence of any malware in the Equipment and/or any associated software and no responsibility or liability is or will be accepted by the Company to the Customer or any person in such regard.
- 4.4. Ownership of the Equipment
- 4.4.1. When you become responsible for the Equipment: Once the Installation of the Equipment is complete, you are responsible for the Equipment and all attachments to BT equipment or facilities which form part of the Installation.
- 4.4.2. When you own Equipment: You own the Equipment once we have received payment in full for the Installation Charge.
- 4.4.3. If you do not pay the Installation Charge in full as required under the Agreement, then, without limiting any other right or remedy we may have, we will be entitled to require you to return to us the Equipment, and if you fail to do so within seven days after our request for this return, we will be entitled to enter the Customer's Premises and recover the Equipment.

5. Payment of Charges

- 5.1. This clause 5 sets out how any payments due from the Customer to the Company for the Installation, Equipment and Services must be made as well as details of our right to make additional charges where appropriate. The amount due from the Customer is set out on the Front Sheet.
- 5.2. Installation Charge: The Installation Charge must be paid in full by the Customer before receipt of any alarm codes or keys as relevant or in any event, within 30 days of receipt of invoice. Therefore, you may pay this before or after Installation, but you will not be able to operate the equipment until the Installation Charge is paid by you.
- 5.3. Maintenance Charge: The Maintenance Charge can be paid by you by monthly direct debit or in full. If you choose to pay in full, you must pay in respect of the first twelve Months of the Term before the Maintenance Services Commencement Date by any method listed in clause 5.5. Payments for each subsequent period of twelve Months shall be due and payable on each anniversary of the Commencement Date in accordance with the Term and we shall invoice you at least six weeks in advance of such date.
- 5.4. Monitoring Charge: The Monitoring Charge can be paid by you by monthly direct debit or in full. If you choose to pay in full, you must pay in respect of the first twelve Months of the Term before the Monitoring Services Commencement Date by any method listed in clause 5.5. - 5.5. Where payment is not made by direct debit, Customer may pay by credit card, cheque or bank transfer.
- 5.6. We may increase either or both of the Maintenance Charge and Monitoring Charge as relevant annually in line with any increase in the Retail Price Index in the preceding twelve-Month period, for each subsequent twelve-Month period. We will not apply any increase until the first anniversary of the Commencement Date and then afterwards only on each subsequent anniversary of the Commencement Date. We will write to you one Month prior to each anniversary of the Commencement Date to notify you of any increase. Each increase will be based on the latest available figure for the percentage increase in the Retail Price Index published before we write to you to tell you of the increase.
- 5.7. Additional charges: Please note that if the Company is asked to carry out repairs to the Installation or Equipment which do not constitute part of the Maintenance Services or to attend the Customer's Premises where such visit is not scheduled as part of the Maintenance Services, we may charge you a call out fee or a fee for any repairs which, in our reasonable opinion, are necessary to the Equipment. We will notify you of the relevant call out fee before attending the Customer's Premises and provide an estimate for repairs or replacement Equipment for your approval before

carrying out the repairs or supplying replacement Equipment. Examples of events for which additional charges are likely to be made (even if a Warranty has been provided as noted on the Front Sheet) are:

- 6.3. As mentioned in clause 5.7, additional charges may be payable if, when we carry out the Maintenance Services, we perceive that the Equipment has been tampered with. 15.2. In the event of such cancellation under clause 15.1, you will be under no liability to the Company in respect of your future obligations under this Agreement and in the event of suspension of this Agreement you will not be liable for the payment of any part of the Maintenance Charge and/or Monitoring Service charge due during the period of suspension (but without prejudice to any rights of either party against the other in respect of any claim accrued to the date of the commencement of such cancellation or suspension).

19. Delay in enforcing

TERMS AND CONDITIONS OF AGREEMENT (DOMESTIC CUSTOMERS)

If we do not insist immediately that you do anything you are required to do under these Terms and Conditions, or if we delay taking steps against you in respect of your breaking this Agreement, that will not mean that you do not have to do those things and it will not prevent us taking steps against you at a later date. For example, if you miss a payment and we do not chase you but we continue to provide any services, we can still require you to make the payment at a later date.
