

Health & Safety Policy

1. Purpose

The Health and Safety at Work Act 1974 requires the employer to prepare, and as often as may be appropriate revise, a written statement of the general policy with respect to the health and safety at work of employees.

2. Scope

This policy covers all companies operated by Kings Solutions Group Ltd (Kings)

Kings is a technology solutions provider delivering Design, Installation, monitoring and maintenance of security solutions including fire, electronic, physical and security personnel; enhanced by strategic account management including intelligence gathering, analytic trend based decision making and dissemination, encompassing legal and regulatory requirements to meet its duties under Occupational Health & Safety Law

The policy applies to all Kings employees, temporary and permanent, full and part time, vendors, visitors, contractors and sub-contractors.

Any employee that disregards this policy will likely face disciplinary action, up to, and including, termination of employment.

Any contractors of Kings or collaborating company found in violation of these policies may be subject to penalties, cancellation of contract, or other legal actions.

3. Policy

The Company approach to Health and Safety is based on the key clauses of ISO 45001:2018
This policy will be reviewed at least annually or where any changes to our operations identify a need for review.

It is the Policy of Kings to;

- Establish, maintain and continually improve an Occupational Health and Safety Management System which meets the requirements of ISO 45001:2018, all applicable statutory and regulatory requirements and industry best practice.
- Provide safe and healthy working conditions appropriate and specific to the organisations identified risks and opportunities, we will do this by;
 - Maintaining workplaces to ensure that they are safe and without health risks, including means of access and egress, with adequate facilities and arrangements for employees' welfare.
 - Providing and maintaining working environments and safe systems of work for employees that are safe and free from health risks.
 - Ensuring the safety and absence of health risks in connection with the use, handling and storage of articles and substances.
 - Ensuring that risk assessments are carried out on an on-going basis, with employees participating in the risk assessment process, to provide the identification of hazards and the setting of objectives for elimination and reduction of risk.

Health & Safety Policy

- Promote and encourage a positive health and safety culture throughout the organisation by providing sufficient information, through training, instruction and supervision.
- Ensure all employees are aware of their individual occupational Health and Safety obligations under the Health and Safety at Work Act 1974.
- Ensure sufficient financial and physical resources are available to meet the requirements of the Occupational Health and Safety Management System, as well as all applicable statutory and regulatory requirements.
- Ensure occupational health and safety objectives are set, monitored and reviewed at regular intervals.
- Arrange for the effective planning, organisation, control, monitoring and review of preventative measures.
- Maintain records to show compliance with the Occupational Health and Safety Management System.

The company Chief Operating Officer has been selected by the Chief Executive Officer as the top management representative responsible for Health & Safety within the business.

A Health and Safety Policy is unlikely to be successful unless it actively involves the people who work within the Company. The Company will therefore seek to ensure effective Consultation and Participation and Communication through the top management representative responsible for Health and Safety, the Company's Health and Safety Consultant and the Company Employees.

It is the duty of every employee to take reasonable care for the Health, Safety and welfare of themselves and their fellow workers, or other persons who may be affected by their actions at work. Employees must co-operate with the Company to enable our statutory duties to be achieved. To do this, our employees must correctly use all resources provided by the Company in accordance with their instruction and training and must immediately report any defective items or unsafe conditions to their Line Manager.

The effectiveness of the Health and Safety Management System is reviewed by the performance against the company objectives. The framework for setting company objectives is outlined in the Compliance Policy, CPL02.

A handwritten signature in black ink, appearing to read 'Bob Forsyth', is positioned above the name and title.
